

**I am in a placement and have discovered I am pregnant, what should I do?**

Please let Opus Teach know as soon as possible. We can then liaise with the school, but also help and support you going forward.

**Will I be entitled to Maternity Pay?**

To qualify for SMP you need to have worked for your employer continuously for at least 26 weeks continuing into the 'qualifying week' - the 15th week before the expected week of childbirth.

You may qualify for SMP or Maternity allowance and our team here can help you with this.

**What information do you need from you?**

We will require a copy of your MAT1B form that you can get from your Midwife or health professional.
